

# CPCWHS1001

## *Prepare to Work Safely in the Construction Industry*

### ABOUT US!

At Academia, we understand the unique challenges faced by Tradesmen, Workers, Builders and Employers, and for that reason we have tailored our scope to meet the ever evolving industry needs and demands.

Our CPCWHS1001 *Prepare to work safely in the construction industry* course is designed to equip you with the practical knowledge and skills necessary to create safer work environments, and make you feel confident on site!

### ABOUT THE COURSE

This unit of competency specifies the mandatory work health and safety training required prior to undertaking construction work.

The unit requires the student to demonstrate personal awareness and knowledge of health and safety legislative requirements in order to work safely and prevent injury or harm to self and others. It covers identifying and orally reporting common construction hazards, understanding basic risk control measures, and identifying procedures for responding to potential incidents and emergencies

It is a mandatory workplace health and safety compliance requirement that all persons who enter a Construction Site, for reasons including but not limited to, the purpose of manual work or supervision, have completed their *General Construction Induction Training (GCIT)* and hold a *GCIT Card*, commonly referred to as a *White Card\**.

**\*Important to note:** Academia do not award a GCIT Card upon successful course completion. Students will receive a "Statement of Attainment" outlining successful completion of the Nationally Recognised unit of competency.

## OUR POINT OF DIFFERENCE

**Student-Centered Approach:** We focus on creating a supportive learning environment where every student feels valued and empowered to succeed.

**Expert Trainers:** Our experienced Trainers & Assessors bring real-world industry insights to all aspects of training and assessment, ensuring you receive a practical, up to date, and relevant education.

**Our Mission:** is to provide our students and the Building and Construction Industry with lifelong learning opportunities and knowledge required for growth

### TRAINING & ASSESSMENT

**Pre-Requisites:** Nil

**Delivery Methods;**

- 📍 Face to Face (Brisbane Campus)
- 📍 Connected Real Time Delivery (CRTD) via Zoom or Microsoft Teams

**Assessment:** Comprising of knowledge tasks and practical assessment tasks, including a verbal questionnaire and demonstration of correct fitment of *Personal Protective Equipment (PPE)*

**Resources:**

- 📖 All Students are provided a *Learning Resource* upon successful enrolment. This is required to be read prior to selected class date as it contains all necessary knowledge and theory elements required to successfully complete the Student Assessment.
- 📖 Face-to Face Students will be provided with the necessary PPE to complete the practical assessment; CRTD Students are required to purchase or source the required PPE (hard hat, safety glasses, hi-vis vest and hearing protection) ahead of classroom training for practical task observation

**Duration:** 6 to 8 hours

**Course Cost:** \$120.00
